

REIMAGINE THE FUTURE REPENSER L'AVENIR REIMAGINAR EL FUTURO

We invite you to 'Reimagine the Future' at our first virtual conference. This will be a unique experience that will extend beyond a traditional four-day conference. Starting on 30 November 2020, we will open the virtual conference platform so that conversations can begin. Over the following two weeks you will have the opportunity to engage with education experts, IB staff, peers and exhibitors.

This global gathering will bring together the IB community to use this challenging period to reflect, create new models of what the education of tomorrow can be and imagine how education might unfold for students, teachers and the learning community in the future.

**REIMAGINE THE FUTURE
REPENSER L'AVENIR
REIMAGINAR EL FUTURO**

Come Together
30 November – 7 December 2020
The virtual conference platform is open to start the conversation.

60+ live and on-demand sessions, discussions, networking and exhibitors.

Build Together
Reflect on the conference and have access, until 12 February 2021,
to video recordings of all sessions and to resources.

Information about sessions

The IB Virtual Conference is designed for IB educators to learn and converse with experts, colleagues and IB staff.

The content at this virtual gathering will be presented in different formats, including keynotes, expert sessions and breakouts.

Keynote Speakers

From 9 to 11 December 2020, each day will begin with a keynote speaker. The speakers will give "big picture" presentations around the conference theme, Reimagine the Future, and

topics related to education. These opening talks will set the tone of the conference and provide fresh perspectives by sparking thinking and inspiring action.

Topic Experts

From 9 to 11 December, each day will end with a session that will be delivered by subject-matter experts on topics that have an impact on the IB community.

- Best practices for remote learning
- Diversity and inclusion
- Future of education post COVID-19
- Social-emotional learning
- Supporting vulnerable students
- Wellness and well-being for students and teachers

Speakers will inspire and encourage attendees to reconsider their perceptions and rethink how to embed effective learning and teaching across schools, providing concrete strategies to Reimagine the Future.

Breakout Sessions

There will be over 60 live and on-demand sessions during the IB Virtual Conference, covering a wide range of the most relevant topics for IB educators and the larger global community today. Sessions will focus on new approaches to learning and teaching, professional applications, scholarly analyses, best practices and case studies.

Conference presentations will cover all IB programmes and other important topics:

- Primary Years Programme (PYP)
- Middle Years Programme (MYP)
- Diploma Programme (DP)
- Career-related Programme (CP)
- Cross-programme
- Leadership
- Research

This will be a unique opportunity to discuss and define the new approaches and best practices to build a better world through education.

Join thousands of other IB educators around the world and be inspired to reimagine the future of education.
